

June 13-14, 2017

Sheraton Austin Hotel at the Capitol | Austin, TX

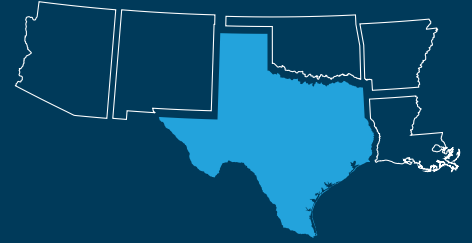

POWERED BY

Solar Power Texas: The Next Solar Frontier.

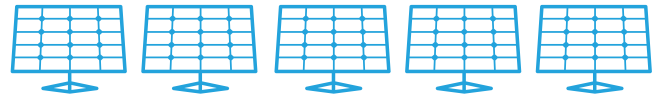

If you're doing business in Texas or plan to break into the market, this is the premier event for you—highlighting market trends, policies, and education unique to the state. An intimate atmosphere allows attendees the chance to interact and create meaningful relationships with those doing business in the state.

1,215 MW
installed in Texas

ERCOT expects **20 new utility-grade solar projects** to come on line by the end of 2020

Texas is projected to install **5,838 MW** of solar over the next 5 years, ranking it **second in the country for growth**

Featured Sessions Topics:

- » Competitive Retail Market
- » Transmission, Distribution, and Interconnection
- » Grid Modernization
- » Community Solar
- » Consumer Protection
- » Legislative Update

#3 in the country for **solar job creation** which **increased by 34%** last year, totaling more than 9,000 jobs in the state

Networking Texas Style

Join your colleagues at the legendary Stubb's Bar-B-Q for some authentic grub, brews, and margaritas!
